(b) the source of funds for payment of the subsidy; and

(c) whether Government propose to announce in the near future the complete dismantling of the freight equalization scheme?

THE MINISTER OF STATE OF THE MINISTRY OF STEEL (SHRI SONTOSH MOHAN DEV): (a) to (c) After deregulation of pricing and distribution of steel, the main producers are charging actual freight upto the stockyard or freight element as existed under the earlier Freight Equalisation Scheme (now Rs. 1510/- per tonne of steel and Rs. 945/- per tonne of pig iron) whichever is lower. In doing so, the freight disadvantage to the States/areas located near the steel plants of the main producers has been removed. At the same time the advantage of lower freight under the Freight Equalisation Scheme to the distant States/areas has been protected. The extra burden on this account is being borne by the main producers themselves; there is no Government subsidy on this account. At present there is no proposal to discontinue this system because it benefits the iron and steel consumers in distant States/areas.
